

magic e

Rule

The magic e sends all its power to the vowel making the vowel so strong it says its name but no energy is left for the 'e' to make any sound (**learn for reading first and then spelling**).

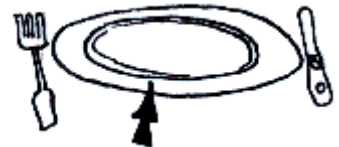

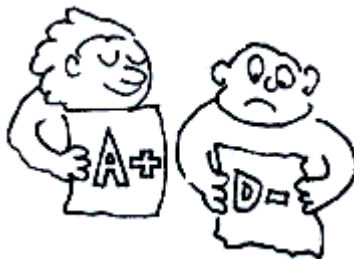

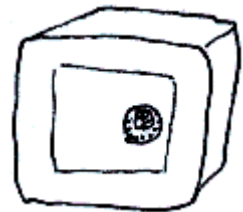

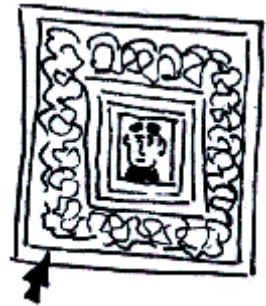

- Try reading these words.
- Cover the 'e' and read the cvc word – the vowel is closed in and makes a weak sound.
- Reveal the 'e' and read the whole word – now the vowel has been given power by the magic 'e' and it has a strong name.

✂ Magic e Fishing ✂

INSTRUCTIONS

Print, then cut around each fish, stick the two halves together and put a staple through the nose. You will need a magnet tied to a piece of string to make the fishing rod. Put all the fish in a bag and take it in turns to try and catch a fish.

READING - read the word to keep the fish. SPELLING - when the last fish has been caught, swap fish and read out the words for each other to spell. Any that are spelt incorrectly escape back into the pond. The winner is the one with the most fish at the end.
